

# INDEX

This updating of the index covers the last year's issues of *Appalachia*, from August-September 1974 through June-July 1975. Like previous indexes, this index is divided into three sections: a subject index, a geographical index and an author index. A colored dot following an entry indicates that this is a major article, not a short news story.

A composite index which covers all issues of *Appalachia* through June-July 1974 is available upon request. See the form on page 35.
